EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Cary S. Kappel on 7/6/2005.

Descriptive labels other than numerical are needed for Figures 1-5.

The drawings are objected to because descriptive labels other than numerical are needed for figures 1-5. See 37 CFR 1.84(o). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Replace "A data carrier" in line 1 of claim 15 with "A computer readable medium".

Examiner's Statement of Reasons for Allowance

2. Claims 1-11, 14-15 are allowed over prior art.

The following is an examiner's statement of reasons for the indication of allowable claimed subject matter.

None of the prior art of record, either taken by itself or in any combination, would have anticipated or made obvious the invention of the present application at or before the time it was filed. The subject matter regarded as allowable by the examiner is found in claim 1, wherein a

user-id is transmitted from second computer system to a trusted agent and from the trusted agent to the second security system and transmitting a shared secret from the second security system to the trusted agent. In the closest prior art of record (Krajewski) a centralized architecture performs all security related tasks, while in the pending application a trusted agent facilitates a secure access for different security systems through a shared secret registered in different security systems.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
